

6 cores unshielded fire alarm cable

Standard

- IEC60502
- BS 6346
- GB 9330
- EN 13501-6

Application

- Building intercom system
- Appliances inside
- Automation equipment
- Instrumentation
- Electronic equipment

Specification

- | | | |
|-------------------|-----|-----------|
| ■ Inner Conductor | CU | 7*Φ0.15mm |
| ■ Insulation | PVC | Φ0.9mm |
| ■ Jacket | PVC | Φ7.8mm |

Electrical Performance (20 °C)

- | | |
|-------------------------|-----------------------------|
| ■ Impedance: 39±3 Ohm | ■ Sparker Test: 1000VAC |
| ■ Capacitance: 52±2pF/m | ■ Far-End Crosstalk: 150khz |

Thermal Characteristics

- | | |
|---|---|
| ■ For fixed installation: -35°C up to +70°C | ■ For mobile installation: -5°C up to +70°C |
|---|---|
